The 2013 ACM-ICPC Asia Aizu Regional Contest

Japan National On-Line First Round Contest Report

The Japan National On-Line First Round Contest is a preliminary contest for any team, which belongs to a university or college in Japan. In this year, 326 teams from 76 Japanese colleges and universities competed in the nationwide Preliminary Contest conducted via Internet on July 12, 2013. Six problems were given. The Team “Operasan” (The University of Tokyo) solved all six problems. 34 teams were qualified and promoted for the 2013 ACM Asia Aizu Regional Contest in Aizu-Wakamatsu.

The University of Aizu

November 23 – 25, 2013
